mailme.jibon@gmail.com
Rangpur, Bangladesh.

www.linkedin.com/in/jibon-roy

OBJECTIVES

As an ambitious Web Developer, I adeptly wield React Library, Node.js, Express.js and MongoDB to craft seamless and user-friendly websites. Passionate about clean code and innovation, I eagerly contribute to dynamic projects. My goal is continuous growth in a collaborative, forward-thinking environment. Let's connect to discuss how I can bring my skills to your team.

TECHNICAL SKILLS

Experts in: HTML, CSS, Tailwind CSS, Vanilla JavaScript, React

Comfortable: Node.js, Express.js, Wordpress

Familiar: MongoDB

Tools: VS Code, Git & GitHub (Version Control)

PROJECTS

Survey Wave Website

12/2023 - Present

Live site: <https://survey-wave-site.web.app/>

Frontend git repository: <https://github.com/jibon-roy/survey-wave-client>

Backend git repository: <https://github.com/jibon-roy/survey-wave-server>

Features:

- Secure authentication, user roles, and MongoDB CRUD operations.
- Integrated diverse payment methods for efficient transactions.
- Engaging features like Likes, Comments, and Reports thoughtfully.
- Dynamic, responsive UI with Material-UI, Tailwind CSS and Flowbite for an engaging user experience.

Job Hunter - Job Search Website

11/2023

Live site: <https://job-hunter-site.web.app/>

Frontend git repository: <https://github.com/jibon-roy/job-hunter-client>

Backend git repository: <https://github.com/jibon-roy/job-hunter-server>

Features:

- A job portal website, empowering users to seamlessly post, update, and delete job listings.
- Application process for job seekers, enabling them to apply for posted jobs.
- Elevated job owner functionality for comprehensive applicant management, enabling prompt decision-making.

Socio Events - Event Management Website

10/2023

Live site: <https://socio-events.web.app/>

Git repository: <https://github.com/jibon-roy/socio-event>

Features:

- Social event management service featuring service information and seamless purchase capabilities.
- User profile creation and update functionalities for enhanced personalization.
- Secure private routes requiring login access, featuring AOS and captivating animations.
